This introductory page outlines the contents of the graduation policy. See the following sections for statutory provisions on:

SECTION I  High School Diploma  pages 2–5
   1. Individual Graduation Committee (IGC)
   2. Special Education
   3. Posthumous Diploma
   4. Diplomas for Veterans

SECTION II  Personal Graduation Plan (PGP)  pages 6–7
   1. Junior High or Middle School PGP
   2. High School PGP

SECTION III  Early Graduation  page 7

SECTION IV  State Graduation Requirements  pages 8–18
   1. Students Entering Grade 9 in the 2014–15 School Year
   2. Performance Acknowledgements
   3. Transition to the Foundation High School Program
   4. Students Who Entered Grade 9 Before the 2014–15 School Year

SECTION V  Transfers from Out-of-State or Nonpublic Schools  page 18

SECTION VI  Graduation of Students Receiving Special Education Services  pages 18–22
   1. Definitions
   2. Summary of Academic Achievement and Evaluation

SECTION VII  Graduation of Military Dependents  pages 22–23
   1. Course Waiver
   2. Transfers During Senior Year
   3. Substitute Passing Standard

SECTION VIII  Graduation of Student Who Is Homeless or in Conservatorship of DFPS  page 23
SECTION I: HIGH SCHOOL DIPLOMA

A student may graduate and receive a diploma only if the student successfully completes:

1. The curriculum requirements identified by the State Board of Education (SBOE) [see STATE GRADUATION REQUIREMENTS, below] and has performed satisfactorily on applicable state assessments [see EKB]; or

2. An individualized education program (IEP) developed under Education Code 29.005. [See EHBAB]

Education Code 28.025(c)

Note: Education Code 28.0258 related to individual graduation committees expires September 1, 2017.

Without complying with the requirements above, a student may receive a diploma if the person is eligible for a diploma as determined by an individual graduation committee (IGC) established under Education Code 28.0258. Education Code 28.025(c-6)

For each 11th or 12th grade student who has failed to comply with the end-of-course (EOC) assessment instrument performance requirements under Education Code 39.025 for not more than two courses, the district shall establish an IGC at the end of or after the student’s 11th grade year to determine whether the student may qualify to graduate. A student may not qualify to graduate before the student’s 12th grade year. A student may graduate by means of an IGC if the student has qualified for an IGC and the IGC convened prior to September 1, 2017.

A district may not establish an initial IGC for eligible students after June 10 or before the start of the next school year. Once the IGC has been established, it is the original IGC for that student.

In order for a student to be included as a graduate in the district’s graduation data in the school year in which the student meets the requirements provided by law to graduate under IGC provisions, an IGC must make a decision to award a diploma no later than August 31 immediately following that school year. A student who graduates as a result of an IGC decision after August 31 shall be reported in the subsequent year’s graduation data.

If a student leaves a district after an original IGC has been established and before that original IGC awards a high school diploma to the student, any other district that later enrolls the student shall request information from the student’s original IGC of record and
shall implement the original IGC recommendations to the extent possible.

The IGC shall be composed of:

1. The principal or principal’s designee;

2. For each EOC assessment instrument on which the student failed to perform satisfactorily, the teacher of the course;

3. The department chair or lead teacher supervising the teacher(s) above; and

4. As applicable:
   a. The student’s parent or person standing in parental relation to the student;
   b. A designated advocate if the parent is unable to serve; or
   c. The student, at the student’s option, if the student is at least 18 years of age or is an emancipated minor.

The superintendent shall establish procedures for convening the committee.

The district shall provide an appropriate translator, if available, for a parent, advocate, or student who is unable to speak English.

In the event that the teacher identified in item 2 above is unavailable, the principal shall designate a teacher certified in the subject of the EOC assessment on which the student failed to perform satisfactorily and who is most familiar with the student’s performance in that subject area as an alternate member of the committee.

In the event that the student’s parent or person standing in parental relation to the student is unavailable to participate in the IGC, the principal shall designate an advocate with knowledge of the student to serve as an alternate member of the committee.

*Education Code 28.0258(a), (c), (c-2); 19 TAC 74.1025(c)–(e), (g), (l)*

**NOTICE**

A district shall ensure a good faith effort is made to timely notify the appropriate person described under item 4 above of the time and place for convening the IGC and the purpose of the committee. The notice must be provided in person or by regular mail or e-mail; clear and easy to understand; and written in English, in Spanish, or, to the extent practicable, in the native language of the appropriate person. *Education Code 28.0258(d)*
To be eligible to graduate and receive a high school diploma from the IGC, a student must successfully complete the curriculum requirements required for high school graduation. [See SECTION IV, below] *Education Code 28.0258(e)*

A student’s IGC shall recommend additional requirements by which the student may qualify to graduate, including additional remediation; and for each EOC assessment instrument on which the student failed to perform satisfactorily:

1. The completion of a project related to the subject area of the course that demonstrates proficiency in the subject area; or

2. The preparation of a portfolio of work samples in the subject area of the course, including work samples from the course that demonstrate proficiency in the subject area.

A student may submit to the IGC coursework previously completed to satisfy a recommended additional requirement.

*Education Code 28.0258(f), (g)*

In determining whether a student is qualified to graduate, the committee shall consider the criteria at Education Code 28.0258(h) and any other academic information designated for consideration by the board. After considering the criteria, the committee may determine that the student is qualified to graduate. A student may graduate and receive a high school diploma on the basis of the committee’s decision only if the student successfully completes all additional requirements recommended by the committee, the student meets applicable curriculum requirements, and the committee’s vote is unanimous. The decision of a committee is final and may not be appealed. *Education Code 28.0258(i)*

Each district shall report through PEIMS the following:

1. The number of students each school year for which an IGC is established; and

2. The number of students each school year who are awarded a diploma based on the decision of an IGC.

A district shall maintain documentation to support the decision of the IGC to award or not award a student a high school diploma.

A student receiving special education services is not subject to the IGC requirements. As provided in 19 Administrative Code 89.1070 and 19 Administrative Code 101.3023, a student’s ARD committee determines whether a student is required to achieve satisfactory performance on an EOC assessment to graduate.

*19 TAC 74.1025(i)–(k), (m)*
For provisions related to an IGC and English language learners (ELL), see EKB(LEGAL).

A student receiving special education services who successfully completes the requirements of his or her IEP, including performance on a state assessment required for graduation, shall receive a high school diploma. A student’s admission, review, and dismissal (ARD) committee shall determine if the student will be required to meet satisfactory performance on an assessment for purposes of graduation. [See SECTION VI: GRADUATION OF STUDENTS RECEIVING SPECIAL EDUCATION SERVICES, below, and EKB]

19 TAC 101.3023(a)

Beginning with students enrolled in grade 12 during the 2005–06 school year, and on request of the student’s parent, a district shall issue a high school diploma posthumously to a student who died while enrolled in the district at grade level 12, provided that the student was academically on track at the time of death to receive a diploma at the end of the school year in which the student died. “School year” includes any summer session following the spring semester.

A district is not required to issue a posthumous diploma if the student was convicted of a felony offense under Title 5 or 6, Penal Code, or adjudicated as having engaged in conduct constituting a felony offense under Title 5 or 6, Penal Code.

Education Code 28.0254

Notwithstanding any other provision of this policy, a district may issue a high school diploma to a person who is an honorably discharged member of the armed forces of the United States; was scheduled to graduate from high school after 1940 and before 1975 or after 1989; and left school after completing the sixth or a higher grade, before graduating from high school, to serve in:

1. World War II, the Korean War, the Vietnam War, the Persian Gulf War, the Iraq War, or the war in Afghanistan; or

Education Code 28.0251
SECTION II: PERSONAL GRADUATION PLAN

A principal of a junior high or middle school shall designate a school counselor, teacher, or other appropriate individual to develop and administer a personal graduation plan (PGP) for each student enrolled in the junior high or middle school who:

1. Does not perform satisfactorily on a state assessment instrument; or

2. Is not likely to receive a high school diploma before the fifth school year following the student’s enrollment in grade level 9, as determined by a district.

A PGP must:

1. Identify educational goals for the student;

2. Include diagnostic information, appropriate monitoring and intervention, and other evaluation strategies;

3. Include an intensive instruction program described in Education Code 28.0213 [see EHBC];

4. Address participation of the student’s parent or guardian, including consideration of the parent’s or guardian’s educational expectations for the student; and

5. Provide innovative methods to promote the student’s advancement, including flexible scheduling, alternative learning environments, online instruction, and other interventions that are proven to accelerate the learning process and have been scientifically validated to improve learning and cognitive ability.

Education Code 28.0212

For a student receiving special education services, the student’s ARD committee and the district are responsible for developing the student’s PGP.

A student’s IEP developed under Education Code 29.005 may be used as the student’s PGP.

Education Code 28.0212(c); 19 TAC 89.1050(a) [See EHBAB]

A principal of a high school shall designate a school counselor or school administrator to review PGP options with each student entering grade 9 together with that student’s parent or guardian. The PGP options reviewed must include the distinguished level of achievement and endorsements.
Before the conclusion of the school year, the student and the student’s parent or guardian must confirm and sign a PGP for the student that identifies a course of study that:

1. Promotes college and workforce readiness and career placement and advancement; and

2. Facilitates the student’s transition from secondary to postsecondary education.

A district may not prevent a student and the student’s parent or guardian from confirming a PGP that includes pursuit of a distinguished level of achievement or an endorsement.

A student may amend the student’s PGP after the initial confirmation of the plan. If a student amends the student’s PGP, the school must send written notice to the student’s parents regarding the change.

TEA must make available to a district information that explains the advantages of the distinguished level of achievement described by Education Code 28.025(b-15) and each endorsement described by Education Code 28.025(c-1). A district, in turn, shall publish the information from TEA on the Internet website of the district and ensure that the information is available to students in grades nine and above and the parents or legal guardians of those students in the language in which the parents or legal guardians are most proficient.

A district is required to provide this information in the language in which the parents or legal guardians are most proficient only if at least 20 students in a grade level primarily speak that language.

*Education Code 28.02121*

**SECTION III: EARLY GRADUATION**

A parent is entitled to request, with the expectation that the request will not be unreasonably denied, that the parent’s child be permitted to graduate from high school earlier than the child would normally graduate, if the child completes each course required for graduation. The decision of a board concerning the request is final and may not be appealed. *Education Code 26.003(a)(3)(C), 26.003(b)* [See FMH, FNG]
SECTION IV: STATE GRADUATION REQUIREMENTS

Note: For current state graduation requirements, including those for students who entered grade 9 before the 2007–08 school year but that are not otherwise referenced in this policy, see Education Code 28.025 and 19 Administrative Code Chapter 74.

STUDENTS ENTERING GRADE 9 IN THE 2014–15 SCHOOL YEAR

To receive a high school diploma, a student entering grade 9 in the 2014–15 school year and thereafter must complete:

1. Requirements of the foundation high school program under 19 Administrative Code 74.12 [see FOUNDATION HIGH SCHOOL PROGRAM, below];
2. Testing requirements for graduation under 19 Administrative Code Chapter 101 [see EKB]; and
3. Demonstrated proficiency, as determined by the district, in delivering clear verbal messages; choosing effective nonverbal behaviors; listening for desired results; applying valid critical-thinking and problem-solving processes; and identifying, analyzing, developing, and evaluating communication skills needed for professional and social success in interpersonal situations, group interactions, and personal and professional presentations.

A student shall enroll in the courses necessary to complete the curriculum requirements for the foundation high school program and the curriculum requirements for at least one endorsement.

Education Code 28.025(c); 19 TAC 74.11(a), (c)

FOUNDATION HIGH SCHOOL PROGRAM

A student must earn at least 22 credits to complete the foundation high school program and must demonstrate proficiency in the following core courses:

1. English language arts—4 credits;
2. Mathematics—3 credits;
3. Science—3 credits;
4. Social Studies—3 credits;
5. Languages other than English—2 credits;
6. Physical Education—1 credit;
7. Fine Arts—1 credit; and
8. Elective courses—5 credits.

19 TAC 74.12

ENDORSEMENTS

A student shall specify in writing an endorsement the student intends to earn upon entering grade 9. A student may earn any of the following endorsements:

1. Science, technology, engineering, and mathematics (STEM);
2. Business and industry;
3. Public services;
4. Arts and humanities; and
5. Multidisciplinary studies.

A district must make at least one endorsement available to students. A district that offers only one endorsement curriculum must offer multidisciplinary studies.

To earn an endorsement a student must demonstrate proficiency in the curriculum requirements for the foundation high school program and, in accordance with 19 Administrative Code 74.13(e), earn:

1. A fourth credit in mathematics;
2. An additional credit in science; and
3. Two additional elective credits.

A course completed as part of the four courses needed to satisfy an endorsement requirement may also satisfy a requirement under the foundation high school program, including an elective requirement.

A district shall permit a student to enroll in courses under more than one endorsement before the student’s junior year and to choose, at any time, to earn an endorsement other than the endorsement the student previously indicated.

A student must earn at least 26 credits to earn an endorsement, but a student is not entitled to remain enrolled to earn more than 26 credits.

A district may define advanced courses and determine a coherent sequence of courses for an endorsement area, provided that prerequisites in 19 Administrative Code Chapters 110–118, 126, 127, and 130 are followed.

Education Code 28.025; 19 TAC 74.13
EXCEPTION

A student may graduate under the foundation high school program without earning an endorsement if, after the student’s sophomore year:

1. The student and the student’s parent or person standing in parental relation to the student are advised by a school counselor of the specific benefits of graduating from high school with one or more endorsements; and

2. The student’s parent or person standing in parental relation to the student files with a school counselor written permission, on a form adopted by TEA, allowing the student to graduate under the foundation high school program without earning an endorsement.

19 TAC 74.11(d)

DISTINGUISHED LEVEL OF ACHIEVEMENT

A student may earn a distinguished level of achievement by successfully completing the curriculum requirements for the foundation high school program and the curriculum requirements for at least one endorsement, including four credits in science and four credits in mathematics, including Algebra II. 19 TAC 74.11(e)

PREREQUISITES

A student may not be enrolled in a course that has a required prerequisite unless:

1. The student has completed the prerequisite course(s);

2. The student has demonstrated equivalent knowledge as determined by the district; or

3. The student was already enrolled in the course in an out-of-state, an out-of-country, or a Texas nonpublic school and transferred to a Texas public school prior to successfully completing the course.

A district may award credit for a course a student completed without having met the prerequisites if the student completed the course in an out-of-state, an out-of-country, or a Texas nonpublic school where there was not a prerequisite.

19 TAC 74.11(j), (k)

COLLEGE COURSES

Courses offered for dual credit at or in conjunction with an institution of higher education that provide advanced academic instruction beyond, or in greater depth than, the essential knowledge and skills for the equivalent high school course required for graduation may satisfy graduation requirements, including requirements for required courses, advanced courses, and courses for elective credit as well as requirements for endorsements. 19 TAC 74.11(i)
In accordance with local district policy, the required physical education credit may be earned through completion of any TEKS-based course that is not being used to satisfy another specific graduation requirement. [See RESTRICTIONS, below]

In accordance with local district policy, credit for any physical education course may be earned through participation in the following activities:

1. Athletics;
2. JROTC; and
3. Appropriate private or commercially sponsored physical activity programs conducted on or off campus. A district must apply to the commissioner of education for approval of such programs, which may be substituted for state graduation credit in physical education. Such approval may be granted under the following conditions:
   a. Olympic-level participation and/or competition includes a minimum of 15 hours per week of highly intensive, professional, supervised training. The training facility, instructors, and the activities involved in the program must be certified by the superintendent to be of exceptional quality. Students qualifying and participating at this level may be dismissed from school one hour per day. Students dismissed may not miss any class other than physical education.
   b. Private or commercially sponsored physical activities include those certified by the superintendent to be of high quality and well supervised by appropriately trained instructors. Student participation of at least five hours per week must be required. Students certified to participate at this level may not be dismissed from any part of the regular school day.

In accordance with local district policy, up to one credit for any one of the physical education courses listed in 19 Administrative Code Chapter 74 [see EHAC] may be earned through participation in any of the following activities:

1. Drill team;
2. Marching band; and
3. Cheerleading.
RESTRICTIONS

All substitution activities permitted by local district policy must include at least 100 minutes of moderate to vigorous physical activity per five-day school week.

No more than four substitution credits may be earned through any combination of substitutions listed above.

STUDENT WITH DISABILITY OR ILLNESS

A student who is unable to participate in physical activity due to disability or illness may substitute an academic elective credit in English language arts, mathematics, science, social studies or a course that is offered for credit as provided by Education Code 28.002(g-1) for the required physical education credit. A credit allowed to be substituted may not also be used by the student to satisfy a graduation requirement other than completion of the physical education credit. The determination regarding a student’s ability to participate in physical activity must be made by:

1. The student’s ARD committee if the student receives special education services under Education Code Chapter 29, Subchapter A;
2. The committee established for the student under Section 504, Rehabilitation Act of 1973 (29 U.S.C. Section 794) if the student does not receive special education services under Education Code Chapter 29, Subchapter A but is covered by the Rehabilitation Act of 1973; or
3. A committee, established by the district, of persons with appropriate knowledge regarding the student if each of the committees described above is inapplicable. This committee must follow the same procedures required of an ARD or a Section 504 committee.

Education Code 28.025(b-10)–(b-11); 19 TAC 74.12(b)(6)

COMMUNITY-BASED FINE ARTS PROGRAMS

In accordance with local district policy, the required fine arts credit may be earned through participation in a community-based fine arts program not provided by the school district in which the student is enrolled.

In accordance with local policy, credit may be earned through participation in the community-based fine arts program only if the program meets each of the following requirements:

1. The district must apply to the commissioner for approval of the community-based fine arts program;
2. The board must certify that the program provides instruction in the essential knowledge and skills for fine arts as defined by 19 Administrative Code, Chapter 117, Subchapter C;
3. The district must document student completion of the approved activity;

4. The program must be organized and monitored by appropriately trained instructors;

5. The fine arts program may be provided on or off a school campus and outside the regular school day; and

6. Students may not be dismissed from any part of the regular school day to participate in the community-based fine arts program.

The district shall require that instructors of the community-based fine arts program provide the district, at its request, the information necessary to obtain the criminal history record information required for school personnel in accordance with 19 Administrative Code, Chapter 153, Subchapter DD, if the community-based program is offered on campus.

*Education Code 28.025(b-9); 19 TAC 74.12(b)(7)(B), .1030*

**PERFORMANCE ACKNOWLEDGMENTS**

In accordance with the requirements of 19 Administrative Code 74.14, a student may earn a performance acknowledgment on the student’s transcript for:

1. Outstanding performance:
   a. In a dual credit course;
   b. In bilingualism and biliteracy;
   c. On a College Board advanced placement test or international baccalaureate examination;
   d. On an established, valid, reliable, and nationally norm-referenced preliminary college preparation assessment instrument used to measure a student’s progress toward readiness for college and the workplace;
   e. On an established, valid, reliable, and nationally norm-referenced assessment instrument used by colleges and universities as part of their undergraduate admissions process; or

2. Earning a state-recognized or nationally or internationally recognized business or industry certification or license.

*Education Code 28.025(c-5); 19 TAC 74.14*
A district shall allow a student who entered grade 9 prior to the 2014–15 school year to complete the curriculum requirements for high school graduation:

1. By satisfying the requirements in place when the student entered grade 9 for the Minimum, Recommended, or Advanced/Distinguished Achievement High School Program [see 19 Administrative Code Chapter 74] if the student was participating in the program before the 2014–15 school year; or

2. Under the foundation high school program by satisfying the requirements adopted by the SBOE, if the student chooses during the 2014–15 school year to take courses under the program.

A student who entered grade 9 prior to the 2014–15 school year may, at any time prior to graduation and upon request, choose to complete the curriculum requirements required for high school graduation under a different program than that selected by the student during the 2014–15 school year.

19 TAC 74.1021

All credit for graduation must be earned no later than grade 12.

19 TAC 74.61(b), .71(b)

A student entering grade 9 prior to the 2014–15 school year who does not choose to complete the curriculum requirements for high school graduation under the foundation high school program must enroll in the courses necessary to complete the curriculum requirements for the Recommended High School Program or the Advanced/Distinguished Achievement High School Program, unless the student, the student’s parent or other person standing in parental relation to the student, and a school counselor or school administrator agree in writing signed by each party that the student should be permitted to take courses under the Minimum High School Program, and the student:

1. Is at least 16 years of age;

2. Has completed two credits required for graduation in each subject of the foundation curriculum under Education Code 28.002(a)(1); or

3. Has failed to be promoted to the tenth grade one or more times as determined by the school district.

If an ARD committee makes decisions that place a student with a disability on a modified curriculum in a subject area, the student will be automatically placed in the Minimum High School Program.
A student who was permitted to take courses under the Minimum High School Program prior to the 2009–10 school year may remain in the Minimum High School Program.

19 TAC 74.61(c), (d), .71(c), (d)

A student must earn at least 22 credits to complete the Minimum High School Program. A student who entered grade 9 in the 2007–08, 2008–09, 2009–10, 2010–11, or 2011–12 school year must demonstrate proficiency in the program requirements listed at 19 Administrative Code 74.62.

A student who entered grade 9 in the 2012–13 or 2013–14 school year must demonstrate proficiency in the program requirements listed at 19 Administrative Code 74.72.

Education Code 28.025; 19 TAC 74.62, .72

A student who entered grade 9 in the 2007–08, 2008–09, 2009–10, 2010–11, or 2011–12 school year must earn at least 26 credits to complete the Recommended High School Program. A student must demonstrate proficiency in the program requirements listed at 19 Administrative Code 74.63.

A student who entered grade 9 in the 2012–13 or 2013–14 school year must earn at least 26 credits to complete the Recommended High School Program. A student must demonstrate proficiency in the program requirements listed at 19 Administrative Code 74.73.

Education Code 28.025; 19 TAC 74.63, .73

A student who entered grade 9 in the 2007–08, 2008–09, 2009–10, 2010–11, or 2011–12 school year must earn at least 26 credits to complete the Advanced/Distinguished Achievement High School Program. A student must demonstrate proficiency in the program requirements listed at 19 Administrative Code 74.64.

A student who entered grade 9 in the 2012–13 or 2013–14 school year must earn at least 26 credits to complete the Advanced/Distinguished Achievement High School Program. A student must demonstrate proficiency in the program requirements listed at 19 Administrative Code 74.74.

Education Code 28.025; 19 TAC 74.64, .74

No substitutions are allowed for high school graduation requirements in the Recommended and Advanced/Distinguished Achievement High School Programs, except as provided by State Board rule. 19 TAC 74.63(d), .64(e), .73(d), .74(e)
**AP OR IB COURSES**

College Board advanced placement and international baccalaureate courses may be substituted for required courses in appropriate areas. These courses may be used as electives in all three high school graduation programs. 19 TAC 74.61(k), .71(i)

**READING**

A district may offer a maximum of 3 credits of reading for state graduation elective credit for identified students if the district:

1. Adopts policies to identify students in need of additional reading instruction;
2. Has procedures that include assessment of individual student needs and ongoing evaluation of each student's progress; and
3. Monitors instructional activities to ensure that student needs are addressed.

Reading credits may be selected from Reading I, II, or III.

19 TAC 74.61(e), .71(f)

**COLLEGE COURSES**

A student may comply with the curriculum requirements under the Minimum, Recommended, or Advanced/Distinguished Achievement High School Program for each subject of the foundation curriculum and for languages other than English by successfully completing appropriate courses in the core curriculum of an institution of higher education. Education Code 28.002(b-7); 19 TAC 74.61(l), .71(j)

**PHYSICAL EDUCATION SUBSTITUTIONS**

In accordance with local district policy, credit for any physical education course may be earned through participation in the following activities:

1. Athletics;
2. JROTC; and
3. Appropriate private or commercially sponsored physical activity programs conducted on or off campus. A district must apply to the commissioner for approval of such programs, which may be substituted for state graduation credit in physical education. Such approval may be granted under the following conditions:
   a. Olympic-level participation and/or competition includes a minimum of 15 hours per week of highly intensive, professional, supervised training. The training facility, instructors, and the activities involved in the program must be certified by the superintendent to be of exceptional quality. Students qualifying and participating at this level
may be dismissed from school one hour per day. Students dismissed may not miss any class other than physical education.

b. Private or commercially sponsored physical activities include those certified by the superintendent to be of high quality and well supervised by appropriately trained instructors. Student participation of at least five hours per week must be required. Students certified to participate at this level may not be dismissed from any part of the regular school day.

In accordance with local district policy, up to one credit for any one of the physical education courses listed in 19 Administrative Code Chapter 74 [see EHAC] may be earned through participation in any of the following activities:

1. Drill team;
2. Marching band; and
3. Cheerleading.

RESTRICTIONS

All substitution activities must include at least 100 minutes per five-day school week of moderate to vigorous physical activity.

No more than four substitution credits may be earned through any combination of substitutions listed above.

STUDENT WITH DISABILITY OR ILLNESS

A student who is unable to participate in physical activity due to disability or illness may substitute an academic elective credit in English language arts, mathematics, science, or social studies for the required physical education credit. A credit allowed to be substituted may not also be used by the student to satisfy a graduation requirement other than completion of the physical education credit. The determination regarding a student’s ability to participate in physical activity must be made by:

1. The student’s ARD committee if the student receives special education services under Education Code Chapter 29, Subchapter A;
2. The committee established for the student under Section 504, Rehabilitation Act of 1973 (29 U.S.C. Section 794) if the student does not receive special education services under Education Code Chapter 29, Subchapter A but is covered by the Rehabilitation Act of 1973; or
3. A committee, established by the district, of persons with appropriate knowledge regarding the student if each of the committees described above is inapplicable. This committee
If a student entering grade 9 during the 2007–08 school year or thereafter is unable to comply with all of the requirements for a physical education course due to a physical limitation certified by a licensed medical practitioner, a modification to a physical education course does not prohibit the student from earning a Recommended or Advanced/Distinguished High School Program diploma. A student with a physical limitation must still demonstrate proficiency in the relevant knowledge and skills in a physical education course that do not require physical activity.

*Education Code 28.025(b-10)–(b-11); 19 TAC 74.62(b)(7), .63(b)(7), .64(b)(7), .72(b)(6), .73(b)(6), .74(b)(6)*

**SECTION V: TRANSFERS FROM OUT-OF-STATE OR NONPUBLIC SCHOOLS**

Out-of-state or out-of-country transfer students (including foreign exchange students) and transfer students from Texas nonpublic schools are eligible to receive Texas diplomas but shall complete all applicable high school graduation requirements. Any course credits required for graduation that are not completed before enrollment may be satisfied through credit by examination, correspondence courses, distance learning, or completing the course, according to the provisions of 19 Administrative Code 74.26. 19 TAC 74.11(f) [See EHDB, EHDC, EHDE, and EI]

**SECTION VI: GRADUATION OF STUDENTS RECEIVING SPECIAL EDUCATION SERVICES**

Modified curriculum and modified content refer to any reduction of the amount or complexity of the required knowledge and skills in 19 Administrative Code Chapters 110–118, 126–128, and 130. Substitutions that are specifically authorized in statute or rule must not be considered modified curriculum or modified content.

Employability and self-help skills are those skills directly related to the preparation of students for employment, including general skills necessary to obtain or retain employment.

All students graduating must be provided with a summary of academic achievement and functional performance as described in 34 C.F.R. 300.305(e)(3). This summary must consider, as appropriate, the views of the parent and student and written recommendations from adult service agencies on how to assist the student in meeting postsecondary goals. An evaluation as required by 34 C.F.R. 300.305(e)(1) (evaluation to determine that the child is no
longer a child with a disability), must be included as part of the summary for a student graduating under 19 Administrative Code 89.1070 (b)(2)(A), (B), or (C) or (g)(4)(A), (B), or (C). Students who participate in graduation ceremonies but who are not graduating under subsections (b)(2)(A), (B), or (C) or (g)(4)(A), (B), or (C) and who will remain in school to complete their education do not have to be evaluated.

A student entering grade 9 in the 2014–15 school year and thereafter who receives special education services may graduate and be awarded a regular high school diploma if the student meets one of the following conditions:

1. The student has demonstrated mastery of the required state standards (or district standards if greater) in 19 Administrative Code Chapters 110–118, 126–128, and 130 and satisfactorily completed credit requirements for graduation under the foundation high school program applicable to students in general education as well as satisfactory performance on the required state assessments, unless the student's ARD committee has determined that satisfactory performance on the required state assessments is not necessary for graduation.

2. The student has demonstrated mastery of the required state standards (or district standards if greater) in 19 Administrative Code Chapters 110–118, 126–128, and 130 and satisfactorily completed credit requirements for graduation under the foundation high school program through courses, one or more of which contain modified curriculum that is aligned to the standards applicable to students in general education, as well as satisfactory performance on the required state assessments, unless the student's ARD committee has determined that satisfactory performance on the required state assessments is not necessary for graduation. The student must also successfully complete the student's IEP and meet one of the following conditions:

a. Consistent with the IEP, the student has obtained full-time employment, based on the student's abilities and local employment opportunities, in addition to mastering sufficient self-help skills to enable the student to maintain the employment without direct and ongoing educational support of the local school district.

b. Consistent with the IEP, the student has demonstrated mastery of specific employability skills and self-help skills that do not require direct ongoing educational support of the local school district.
c. The student has access to services that are not within the legal responsibility of public education or employment or educational options for which the student has been prepared by the academic program.

d. The student no longer meets age eligibility requirements.

When a student receives a diploma under item 2(a), (b), or (c), above, the ARD committee must determine needed educational services upon the request of the student or parent to resume services, as long as the student meets the age eligibility requirements.

ENDORSEMENTS

A student receiving special education services may earn an endorsement if the student:

1. Satisfactorily completes the requirements for graduation under the foundation high school program as well as the additional credit requirements in mathematics, science, and elective courses with or without modified curriculum;

2. Satisfactorily completes the courses required for the endorsement without any modified curriculum; and

3. Performs satisfactorily on the required state assessments.

A student in grade 11 or 12 receiving special education services during the 2014–15, 2015–16, or 2016–17 school year who has taken each of the state assessments required by 19 Administrative Code Chapter 101, Subchapter CC (relating to Commissioner's Rules Concerning Implementation of the Academic Content Areas Testing Program) or Subchapter DD (relating to Commissioner's Rules Concerning Substitute Assessments for Graduation) but failed to achieve satisfactory performance on no more than two of the assessments is eligible to receive an endorsement if the student has met the requirements of items 1 and 2 above.

In order for a student receiving special education services to use a course to satisfy both a requirement under the foundation high school program and a requirement for an endorsement, the student must satisfactorily complete the course without any modified curriculum.

A student receiving special education services who entered grade 9 before the 2014–15 school year may graduate and be awarded a high school diploma under the foundation high school program if the student's ARD committee determines that the student should take courses under that program and the student satisfies the requirements of that program. A student transitioning to the Foundation High School Program may earn an endorsement as set out above [see ENDORSEMENTS, above].
A student receiving special education services in 11th or 12th grade during the 2014–15, 2015–16, or 2016–17 school year who has taken each of the required state assessments but failed to achieve satisfactory performance on no more than two of the assessments may graduate if the student has satisfied all other applicable graduation requirements. [See SPECIAL EDUCATION, above, and EKB]

A student receiving special education services who entered grade 9 before the 2014–15 school year may graduate and be awarded a regular high school diploma if the student meets one of the following conditions:

1. The student has demonstrated mastery of the required state standards (or district standards if greater) in 19 Administrative Code Chapters 110–118, 126–128, and 130 and satisfactorily completed credit requirements for graduation under the Recomm or Advanced/Distinguished Achievement Programs, including satisfactory performance on the required state assessments.

2. The student is in grade 11 or 12 during the 2014–15, 2015–16, or 2016–17 school year and has taken each of the state assessments required by 19 Administrative Code Chapter 101, Subchapter CC (relating to Commissioner's Rules Concerning Implementation of the Academic Content Areas Testing Program) or Subchapter DD (relating to Commissioner's Rules Concerning Substitute Assessments for Graduation) but failed to achieve satisfactory performance on no more than two of the assessments and has met all other applicable graduation requirements in item 1 above.

3. The student has demonstrated mastery of the required state standards (or district standards if greater) in 19 Administrative Code Chapters 110–118, 126–128, and 130 and satisfactorily completed credit requirements under the Minimum High School Program, including participation in state assessments. The student’s ARD committee shall determine whether satisfactory performance on the required state assessments is necessary for graduation.

4. The student has demonstrated mastery of the required state standards (or district standards if greater) in 19 Administrative Code Chapters 110–118, 126–128, and 130 through courses, one or more of which contain modified content that is aligned to the standards required under the Minimum High School Program as well as the satisfactorily completed credit requirements under the Minimum High School Program, including participation in required state assessments. The student’s
ARD committee shall determine whether satisfactory performance on the required state assessments is necessary for graduation. The student must also successfully complete the student’s IEP and meet one of the following conditions:

a. Consistent with the IEP, the student has obtained full-time employment, based on the student’s abilities and local employment opportunities, in addition to mastering sufficient self-help skills to enable the student to maintain the employment without direct and ongoing educational support of the local school district;

b. Consistent with the IEP, the student has demonstrated mastery of specific employability skills and self-help skills that do not require direct ongoing educational support of the local school district;

c. The student has access to services that are not within the legal responsibility of public education, or employment or educational options for which the student has been prepared by the academic program; or

d. The student no longer meets age eligibility requirements.

When a student receives a diploma under item 3(a), (b), or (c), above, the ARD committee must determine needed educational services upon the request of the student or parent to resume services, as long as the student meets the age eligibility requirements.

19 TAC 89.1070(b)–(l)

SECTION VII: GRADUATION OF MILITARY DEPENDENTS

COURSE WAIVER
District officials shall waive specific courses required for graduation if similar coursework has been satisfactorily completed by a military student in another district or shall provide reasonable justification for denial. Should a waiver not be granted to a student who would qualify to graduate from the sending school, the district shall provide an alternative means of acquiring required coursework so that graduation may occur on time.

TRANSFERS DURING SENIOR YEAR
Should a military student transferring at the beginning or during the student’s senior year be ineligible to graduate from the district after all alternatives have been considered, the sending and receiving districts shall ensure the receipt of a diploma from the sending district, if the student meets the graduation requirements of the sending district. In the event that one of the states in question is not a member of this compact, the member state shall use best efforts to facilitate the on-time graduation of the student.
The commissioner shall adopt a passing standard on one or more national norm-referenced achievement tests for purposes of permitting a qualified military dependent to meet that standard as a substitute for completing a specific course otherwise required for graduation. The passing standard is available only for a student who enrolls in a public school in this state for the first time after completing the ninth grade or who reenrolls in a public school in this state at or above the tenth grade level after an absence of at least two years from the public schools of this state. Each passing standard in effect when a student first enrolls in a Texas public high school remains applicable to the student for the duration of the student’s high school enrollment, regardless of any subsequent revision of the standard.

*Education Code 162.002 art. VII, A, C [See FDD]*

**SECTION VIII: GRADUATION OF STUDENT WHO IS HOMELESS OR IN CONSERVATORSHIP OF DFPS**

If an 11th or 12th grade student who is homeless or in the conservatorship of the Department of Family and Protective Services transfers to a different school district and the student is ineligible to graduate from the district to which the student transfers, the district from which the student transferred shall award a diploma at the student’s request, if the student meets the graduation requirements of the district from which the student transferred. “Student who is homeless” has the meaning assigned to the term “homeless children and youths” under 42 U.S.C. Section 11434a. *Education Code 28.025(i)*
